

What is STEAM?

STEAM stands for:

Science
Technology
Engineering
Arts
Mathematics

"...STEAM education results in students who take thoughtful risks, engage in experiential learning, persist in problem-solving, embrace collaboration, and work through the creative process. These are the innovators, educators, leaders, and learners of the 21st century!"

~The Institute for Arts
Integration and STEAM

More Info & Registration

Visit greenisland.org to learn more and **sign up!** Registration forms have been sent home already. Space is limited and applications will be accepted on a first come, first served basis. In the event that a child needs to be waitlisted, their parent/guardian will be notified as soon as possible.

Use the QR Code below to go straight to the sign-up form on your smartphone.

Heatly Summer STEAM 2022

Every child will graduate prepared for college, career, and citizenship.

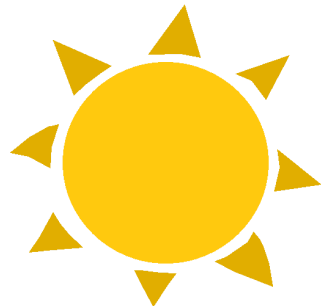

Welcome to Summer STEAM 2022!

We are excited to once again be offering 5 weeks of FREE weekly, half day summer camps for students entering grades K-6 at Heatly in the Fall of 2022. Camps will run from 8:00AM - 12:15PM, Monday through Friday. Please note the school will be closed on Monday, July 4th in observance of Independence Day.

Our camps this year all wrap around STEAM - Science, Technology, Engineering, the Arts, and Mathematics. We hope that our students and their families will use this as an opportunity to continue learning while also having fun. Each week holds a new adventure!

Please contact us if you have any questions. Be sure to register early because space is limited. Learn more on our website at www.greenisland.org.

Mrs. Mazzeo
Principal

Week of July 5-8

KEEPING COOL

From July 5-8, we will explore how to stay cool when it gets hot outside. Students will be having fun playing with water, ice, and learning about air flow.

Week of July 11-15

LET'S GO CAMPING

From July 11-15, explore your wild imagination as we plan and go on a camping trip right here at school! From creating our own shelters to playing camp games, there will be lots of exciting activities for our campers.

Week of July 18-22

BATS, BUGS & OTHER THINGS

From July 18-22 we will be exploring the creepy crawly critters that live in the world around us! Take a virtual field trip, go on a scavenger hunt, look for ladybugs, read and make your own books, and enjoy fun arts and craft activities.

Week of July 25-29

PLANES, TRAINS & AUTOMOBILES

From July 25-29, we will be exploring all kinds of transportation - planes, trains, and automobiles! We can't wait to build, engineer, and discover how these machines work.

Week of August 1-5

SPACE ADVENTURES

From August 1-5, we will be exploring space! From rockets to planets, there is so much to learn about our own galaxy and beyond.
